Attachment 1: Voluntary anonymous survey at the end of interdisciplinary subject Q13

In order to compare the results at the end of Q 13 <u>anonymously</u> and intra-individually with the results from the beginning of Q 13, please enter **your mother's birth date** in the following box just as you did for the first questionnaire.

| (dd | / mm | / | уууу) | |
|-----|------|---|-------|--|

How do you rate your knowledge of palliative care (please circle the corresponding number)?
